#### Detailed technical data

#### **Features**

| Module                       | Gateway                            |
|------------------------------|------------------------------------|
| Fieldbus, industrial network | CC-Link                            |
| Configuration method         | Via software (Flexi Soft Designer) |

## Interfaces

| Fieldbus, industrial network | CC-Link CC-Link                        |
|------------------------------|--|
| Data transmission rate       | 156 kbit/s<br>625 kbit/s<br>2.5 Mbit/s |
| Connection type              | Plug-in spring terminals               |

## Electronics

| Protection class           | III (EN 61140)       |
|----------------------------|----------------------|
| Voltage supply             | Via FLEXBUS+         |
| Internal power consumption | $\leq$ 1.4 W $^{1)}$ |

 $<sup>^{1)}</sup>$  Via FLEXBUS+.

#### Mechanics

| Dimensions (W x H x D) | 22.5 mm x 96.5 mm x 120.6 mm |
|------------------------|------------------------------|
| Weight                 | 120 g (± 10 %)               |

## Ambient data

| Enclosure rating              | IP20 (EN 60529)        |
|-------------------------------|------------------------|
| Ambient operating temperature | 0 °C +55 °C            |
| Storage temperature           | -25 °C +70 °C          |
| Air humidity                  | ≤ 95 %, Non-condensing |

## Certificates

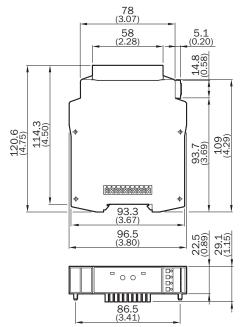

| Information according to Art. 3 of Data Act (Regulation EU 2023/2854) |   |   |  |

# SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is "Sensor Intelligence."
