

M4000 multiple light beam safety device: Basic training

SICK
Sensor Intelligence.

Ordering information

Type	part no.
M4000 multiple light beam safety device: Basic training	1682325

Additional services → www.sick.com/

Detailed technical data

Features

Product area	Industrial Safety
Product segment	Safety light-beam sensors sens:Control - safe control solutions SICK LifeTime Services
Product family group	Training and educationSafety multibeam sensorsSafety relays
Training format	Classroom training
Target audience	Maintenance Designers Application engineers Project engineers Planners Developers
Prerequisites	None
Duration	2 d
Class size	Maximum 8 trainees

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
