SICAM SCC V9.x CONTROL AND MONITORING, RUNTIME AND CONFIGURATION (RC) DVD A. LICENSES ON USB-STICK 2048 POWER TAGS

### General technical data

|                                     |                          |
|-------------------------------------|--------------------------|
| target system                       | option for SIMATIC WinCC |
| national language / of the software | german / english         |

### Product details

|                                       |                      |
|---------------------------------------|----------------------|
| product description                   | HMI / SCADA software |
| product component / component library | Yes                  |

### Model

|                     |                                                      |
|---------------------|------------------------------------------------------|
| product designation | SICAM SCC                                            |
| product license     | license on USB stick                                 |
| product version     | SICAM SCC V9.x (runtime and configuration 2048 tags) |

### Product Functions

|                                                                        |     |
|------------------------------------------------------------------------|-----|
| user interface info texts can be translated into any national language | Yes |
| Unicode support for process data                                       | No  |
| diagnostics function                                                   | Yes |
| communication function                                                 | Yes |
| project planning function                                              | Yes |

### Display and operation

|                                                           |                                 |
|-----------------------------------------------------------|---------------------------------|
| horizontal image resolution / of the graphics card        | 1 024 pixel                     |
| horizontal image resolution / of the graphics card / note | minimum 1024, from 1980 onwards |
| vertical image resolution / of the graphics card          | 768 pixel                       |
| vertical image resolution / of the graphics card / note   | minimum 768, from 1080 onwards  |

### Requirements

|                                                           |                             |
|-----------------------------------------------------------|-----------------------------|
| number of colors / of the graphics card                   | 32                          |
| design of the drive/storage medium / required / DVD drive | Yes                         |
| operating system / usable / Windows 7                     | No                          |
| operating system / usable / Windows 10                    | Yes                         |
| operating system / usable / Windows 2012 Server           | Yes                         |
| operating system / usable / Windows 2016 Server           | Yes                         |
| operating system / usable / Windows Server 2019           | Yes                         |
| processor clock frequency / minimum                       | 3 GHz                       |
| processor clock frequency / minimum / note                | 3GHz single core            |
| browser software / required                               | no                          |
| storage capacity / on hard disk / required                | 1.5 Gbyte                   |
| storage capacity / on hard disk / required / note         | client 1.5 GB, server 10 GB |
| storage capacity / of the main memory or RAM / minimum    | 8 Gbyte                     |

### Communication

|                                |     |
|--------------------------------|-----|
| protocol / is supported / SNMP | Yes |
|--------------------------------|-----|

|                                                                   |          |
|-------------------------------------------------------------------|----------|
| protocol / is supported / IEC 60870-5-104                         | Yes      |
| protocol / to the substation as client / is supported / IEC 61850 | Yes      |
| <b>Cybersecurity</b>                                              |          |
| type of access control / role-based access control (RBAC)         | Yes      |
| <b>Time synchronization</b>                                       |          |
| type of time synchronization                                      | NTP, PTP |
| <b>Further information</b>                                        |          |

**Siemens is working on the renewal of the current EAC certificates.**

Please contact your local Siemens office on the status of validity of the EAC certification if you intend to import or offer to supply these products to an EAC relevant market (other than the sanctioned EAEU member states Russia or Belarus).
