

Tweezers straight 125 mm with protective lips tips insulated

Art.-No.	2-601-5
Description	Tweezers straight 125 mm with protective lips tips insulated
Application	IC puller, IC remover, chip protection pliers, chip extractor, grasping shapes
Specification	insulated
Material	alloyed tool steel
Surface/Coating	polished, nickel plated, dip insulated
Features	abrasion resistant, insulated, stainless, wear-resistant
Surface resistance	/
Shape	IC: Chip protection
Icon No.	IC1

Dimensions and weight

B = 9 mm
 C = 8.5 mm
 D = 4.7 mm
 E = 20 mm
 Ai = 26.5 mm

length 125 mm
 weight 21 g

Application and technical data

PVC dip-insulated tweezer tips prevent scratches, grease residues, dust residues on surfaces (lenses, prisms, mirrors and other parts / components to be protected). Optical components can be picked up and held on the mount in a non-slip and protected manner.

Tool steel, corrosion protection by surface treatment
